**Ten common discipline mistakes**  
WONG Michael Grose

Here are 10 common and easily avoided mistakes parents make when disciplining their children. Replace these mistakes with better techniques and you'll be on your way to parenting easy street.

### 6 Making consequences too harsh

"You're grounded for a month, Mr 6-year-old" is a tad harsh and will usually bring resentment, not to mention confusion. Stick to the 3 Rs – respectful, reasonable and related to the behaviour – when setting consequences and you can't go too far wrong.

### 7 Applying consequences when you, or they, are angry

When anger is in the air kids will become mad at you ... if they listen at all. Calmness makes a huge difference to effectiveness at the point of discipline.

### 8 Mixing discipline with counselling

Never mix the two as it sends mixed messages. If a child misbehaves manage that situation. If you suspect something negative is going on in their life, then deal with that at a separate time.
